

essential
employee benefits

Pharmacy Clinic Consultations & OTC Medication, simplified!

Quick care, right where you are.

All Essential Employee Benefits (EEB) members have access to our **Pharmacy Clinic Consultation Benefit!**

This means you and your dependants can get expert advice at your local pharmacy clinic – no GP appointment needed. And if treatment is required, you can walk out with the over-the-counter (OTC) medication immediately.

Members have access to **25 pharmacy-based primary care services** at over **600 in-pharmacy clinics** nationwide, including:

These services include consultations, wellness screenings, and other medical support, plus OTC medication when needed.

Why this matters for you

By using the Pharmacy Preferred Provider Network (PPN), you'll enjoy:

- ▶ **Early detection, better outcomes** – understand your health status, identify risk factors, and take proactive steps to stay well.
- ▶ **Convenient access** – with nationwide clinics close to home or work.
- ▶ **Better health, every day** – preventative and wellness services help you and your family stay supported and productive.
